Austin, TX 78759

EDUCATION

Texas State University

Dec 2023

Bachelor of Arts in Computer Science, Minor in Applied Mathematics

San Marcos, TX

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Database Systems, Human Factors, Computer Architecture, Assembly Language

RELEVANT EXPERIENCE

Call Box

May 2024 - Currently Employed

Junior Software Developer

Remote, based in Dallas, TX

- Drove modernization efforts for the Humanatic 2.0 call review platform by migrating legacy ColdFusion/Vue.js components to a modern, scalable architecture using TypeScript, AWS Lambda, DynamoDB, and Docker containers on Azure.
- Developed features for flagship product Car Wars in a hybrid codebase, integrating ColdFusion and Vue.js for frontend user interfaces, and using TypeScript for new backend services.
- Contributed to the development and enhancement of CARI, a modern AI phone assistant built with AWS services and TypeScript, focusing on automated appointment setting and customer service functions.
- Managed and queried sensitive client data (leads/records) using Microsoft SQL Server and Amazon DynamoDB to support application features such as advanced reporting, call tracking, and industry-specific CRM integrations.
- Executed full-stack troubleshooting and bug fixes across multiple products, utilizing monitoring tools like Amazon CloudWatch and Rapid7 for diagnosing and resolving complex API integration and service-related issues.

Charter Communications, Spectrum Enterprise

May 2023 – Aug 2023

Software Developer Intern

Austin, TX

- Led frontend development for the new Crosswalk project using React and Spectrum's Kite library, creating consistent and responsive UI elements with SCSS.
- Utilized design tools like Figma and Invision for wireframing to enhance user interface design, and managed project tasks using JIRA and JQL.

TECHNICAL SKILLS: TypeScript, JavaScript, Python, SQL, AWS (Lambda, DynamoDB, CloudWatch), Docker, React, Vue.js, ColdFusion, SSMS, Git/GitHub, JIRA, Azure.
